

Classic Packages

The Classic Plan, our flagship product, runs on a risk pooling concept where members cross-subsidise each other.

The Classic Plan offers:

- Multi-level options to cater for top executives right down to shop floor employees.
- A tiered structure of benefits with corresponding contributions.
- Cover for medical treatment in Zimbabwe.

Why Trees?

Trees hold a sacred place in our culture. They are used for community gatherings, as shelter and protection, to nourish and to provide.

Throughout history, trees have held a worldwide significance. Amongst many other things, they represent growth, strength, transformation and LIFE.

Our Classic Plan schemes are all named after trees found in Zimbabwe because at BonVie, we celebrate LIFE, growth and protection.

A Member of

PINE

This scheme is recommended for general staff and is limited to Government, mission and municipal hospitals. Members enjoy the following benefits:

- Access to annual Wellness & Prevention checks.
- Covers medical treatment in Zimbabwe.
- Road evacuation within Zimbabwe for upgrade of care.

MEDACCESS

At BonVie, we are very proud of our entry level medical aid plan, designed specifically for those who cannot afford classic medical aid plans, because we believe that everyone has the right to good health. MedAccess has grown rapidly since its inception, and currently has over 15 000 registered members.

- MedAccess targets the previously exposed, vulnerable and uninsured,
- It is affordable and therefore a great solution for those in the informal sector who need medical aid but cannot afford the classic schemes.
- It is open to individuals, families and corporates.
